

Beacon Hill Seattle Air & Noise Pollution Health Issue

1-20-18 CAPAA

PRESENTED BY MARIA BATAYOLA

EL CENTRO & EPA PROBLEM SOLVING COLLABORATION AIR & NOISE EDUCATION & EMPOWERMENT PROJECT

About the Project

- 2017
 - Air & Noise Inventory
 - Develop information sharing material (6 languages)
 - Hired ethnic teams
 - Outreach/Engaging Community
 - Community Action Plan
- 2018
 - Implementation of at least 2 action items
- Structure: Steering Committee, Technical Panel, Ethnic Outreach Teams

1. About our Beacon Hill Community

FOR EVERY 10 PEOPLE WHO LIVE IN BEACON HILL:

- 2 live in poverty
- 4 are born outside the US (44.4%)
- 3 do not speak English well (36%)
- 8 are people of color
- 5 are Asian Pacific Islanders (46.8%)
- 2 are Africans and African Americans (17.6%)
- 1 Spanish speaking /Latino (8.5%)

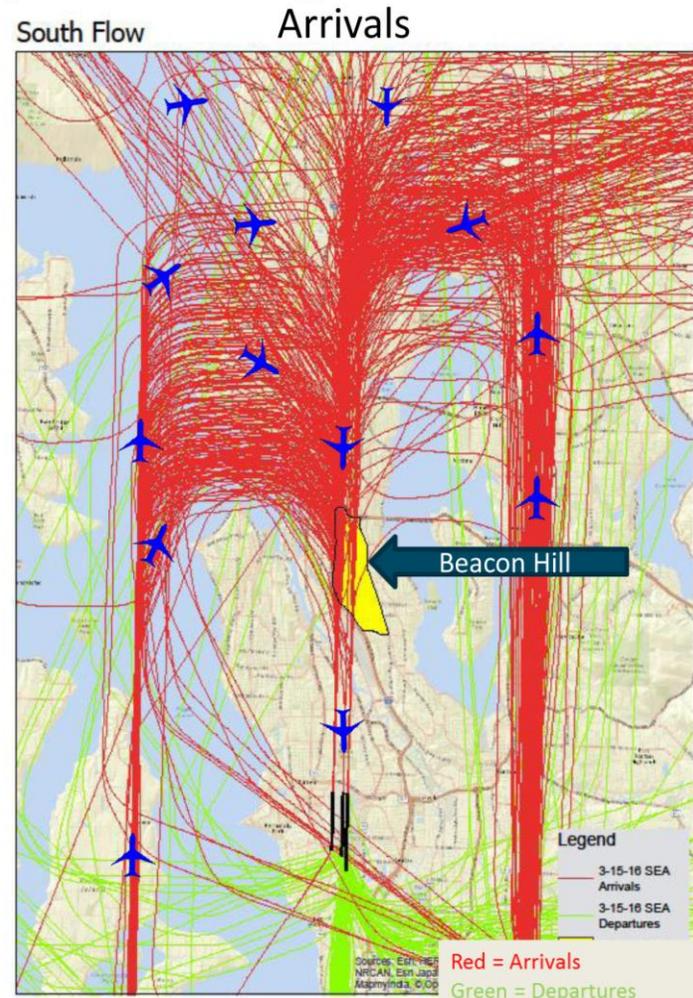

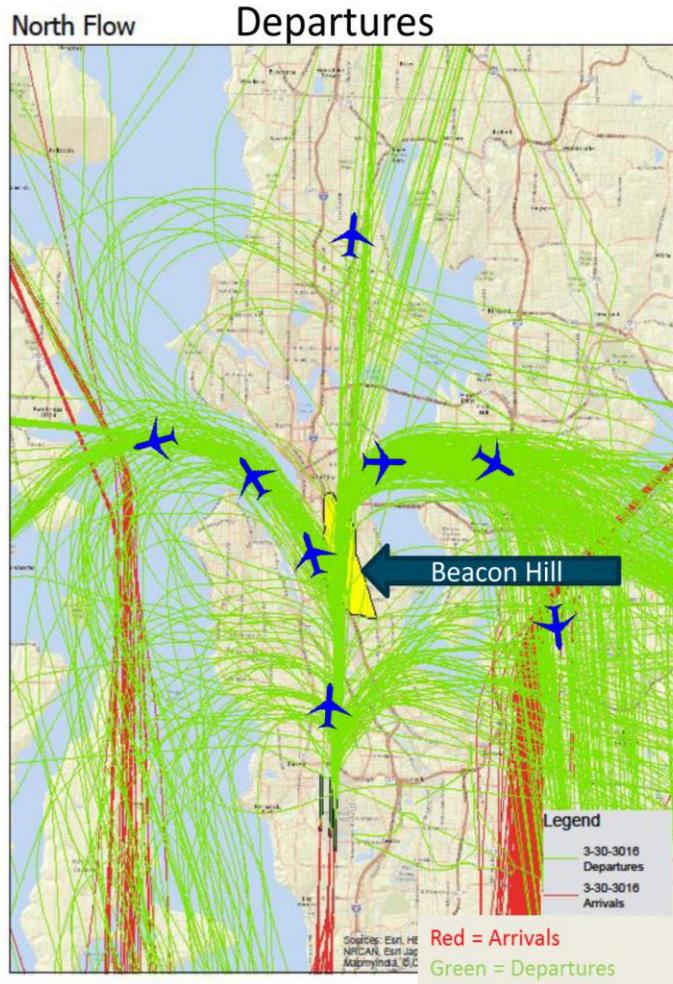

2. SOURCES OF AIR AND NOISE POLLUTION

ROADS

- I-5 (200,000 vehicles a day)
- I-90 (120,000 vehicles a day)
- RAINIER (major arterial)
- MLK WAY (major arterial)

Sea-Tac Airport Flights

- Plane files every 3 minutes
- 70% of airplane landings ~200,000 in 2016 at 3,000', some times 2,000'
- 2012 – 2016 33% increase
- 38 to 66 million passengers in 2034
- 2x international flight
- 3x cargo

263 Ideas = 8 Action Areas -> Community Action Plan

3. CAP

1. Community Education
2. Organizing Capacity
3. Change Air Routes (Noise Relief)
4. Measure Air & Noise
5. Pursue Noise Mitigation Funding
6. Plant More Trees
7. Promote Alternative Transportation
8. Reduce Noise from Other Sources

**ADVOCATE FOR US WITH
GOVERNOR EINSLEE TO**

**4. How CAPAA
can help**

- 1. Support our FAA requests for air and noise measurement and mitigation of current situation.**
- 2. Convene a Regional Task Force to study rapidly increasing regional air travel and cargo demand and pursue regional solution.**

THANK YOU!

“equal benefits, equal burdens”
